SECTION ONE:
BRAND IDENTITY

Creating a brand

A brand is not a name or a logo. Instead it is a promise and perception derived from both the communications received concerning the product, service or company, and the experiences a person had with it. For a brand to communicate this perception and promise effectively, every communicated element needs to be carefully crafted. With these detailed efforts set forth, a brand can become an established and highly effective entity within its market. This is the goal of the University of Nebraska brand.

Protecting the brand

Once a brand is created, standards must be developed to keep the brand message consistent and strong. Every font, color, word, point size, and design on everything communicated needs to match the established guidelines.

It is important for the separate campuses, colleges, programs, and facilities within the University system to adopt these standards. While it is crucial for the University to achieve a unified voice, it is equally necessary for these separate divisions not to lose theirs. Therefore, a versatile design system has been established that enables both to occur. Every division can now retain individuality and recognition while combining the resources of the entire system under one brand.

By following the guidelines in this handbook, the University of Nebraska will strengthen its brand while elevating its national academic reputation. Through consistent use and repetition, the University of Nebraska will realize the value and potential of a national brand that is united on all fronts of communication.

SECTION TWO:
GRAPHICAL TREATMENTS

GLOSSARY OF APPROPRIATE LOGOS

6

This is our logo

1. The logo may appear in either an all-black version or with an approved color as indicated on this page.
2. When used in color, the University of Nebraska “Kearney” campus designation appears in PMS 294 blue. All of the other University campus designations appear in PMS 186 red.
3. The typefaces used in the logo are modified versions of ITC Clearface for the word “Nebraska” and URW Grotesk for the words “UNIVERSITY OF.”
4. Always use original drawings of the logos as shown to the right or the camera-ready art provided in the back of this handbook. Do not reset or recreate the logo.
5. The logo may not be reduced any smaller than .625 inch.
6. When the logo is reversed, all type should appear in white only.

Approved logo usage variations:

INCORRECT USES OF THE LOGO

This is **NOT** our logo

The University of Nebraska logo must appear as shown on the previous page. It should never be condensed, expanded, or altered.

When printing, if only one color is used other than black, the logo may appear in a reversed out block format.

Newspaper ad

The University logo should never be downplayed with things like a disclaimer statement as shown in the newspaper ad above.

Never change the color of the logo.

Never screen back the campus designation.

Never change the size of the campus designation or any other portions of the logo.

Never condense the logo.

Never expand the logo.

Never try to “recreate” the logo with different sets of fonts.

Never apply the logo to a bold pattern or dark screen unless it is reversed.

Project coordinators, editors, graphic designers, the University of Nebraska printing and duplicating services staff, and any other personnel involved in the production of letterheads, envelopes, and business cards should follow the guidelines set forth in this handbook. Any questions regarding the use of the logo outside of what is covered in this handbook should be directed to the campus publication coordinator or to:

Incorrect usage of college and department information

The college and department information should never be altered, set together in one line, set in another font, etc., as shown in the examples below.

COLLEGE OF FINE ARTS
Department of Music

Never add photos or graphics to the college and department information.

COLLEGE OF ARTS AND SCIENCES
DEPARTMENT OF CHEMISTRY

Never capitalize both the college and department information.

COLLEGE OF ARTS AND SCIENCES
Department of Chemistry

Never change the font of the college and department information.

COLLEGE OF ARTS AND SCIENCES
Department of Chemistry

Never increase the point size of either the college or department information. Both should remain the same point size.

COLLEGE OF ARTS AND SCIENCES Department of Chemistry

Never set both the college and department information on one line.

Correct usage of college and department information

(See pages 12 and 13 of this handbook for the correct setup.)

OPTIONAL USAGE OF COLLEGE/DEPARTMENT INFORMATION

26

Optional usage of college and department information

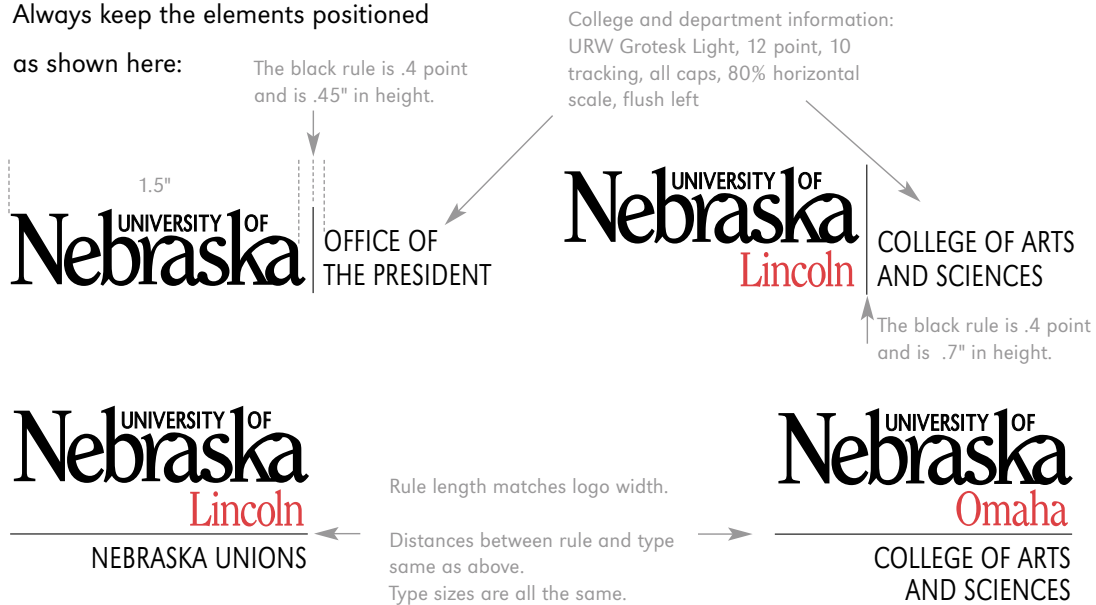

1. This version of the college and department information placement may be used when there is not enough space on the page to set the information and rule horizontally.
2. It can be used in invitations (see page 30 of this handbook), advertising and other

publications that require the logo to be at a relative large size, therefore not allowing enough space for the college and department information.

3. This format is not to be used on letterhead or business card, but may be used on newsletters.

Correct usage of college and department information

Always keep the elements positioned as shown here:

Newsletter Masthead

Note: Samples are not actual size.

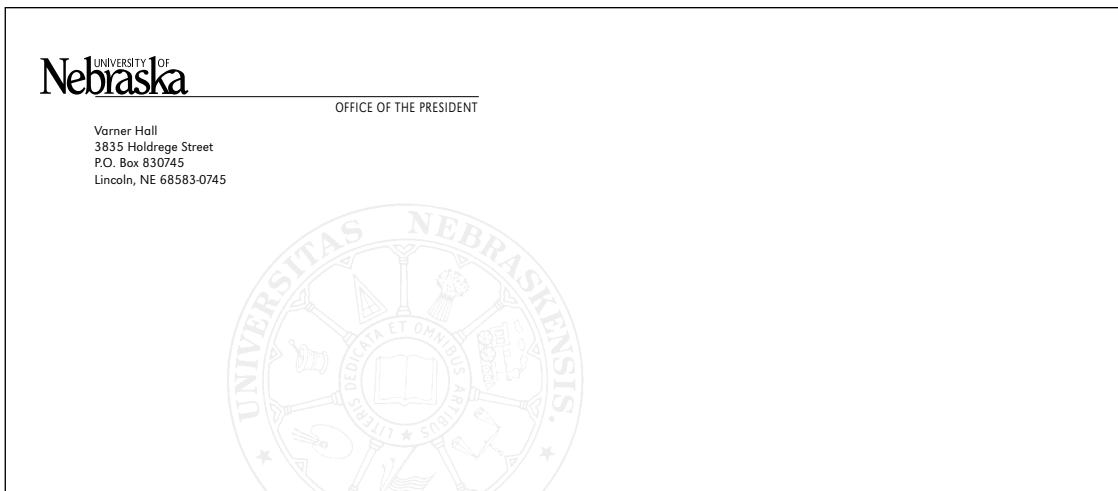

The University seal

The seal of the University is not the official logo. However, it can be used as the only identifier on merchandise, as an architectural element on a building, and on formal documents of the University of Nebraska, such as degree certificates and documents of the Board of Regents. The seal can also be used as artwork on other communications

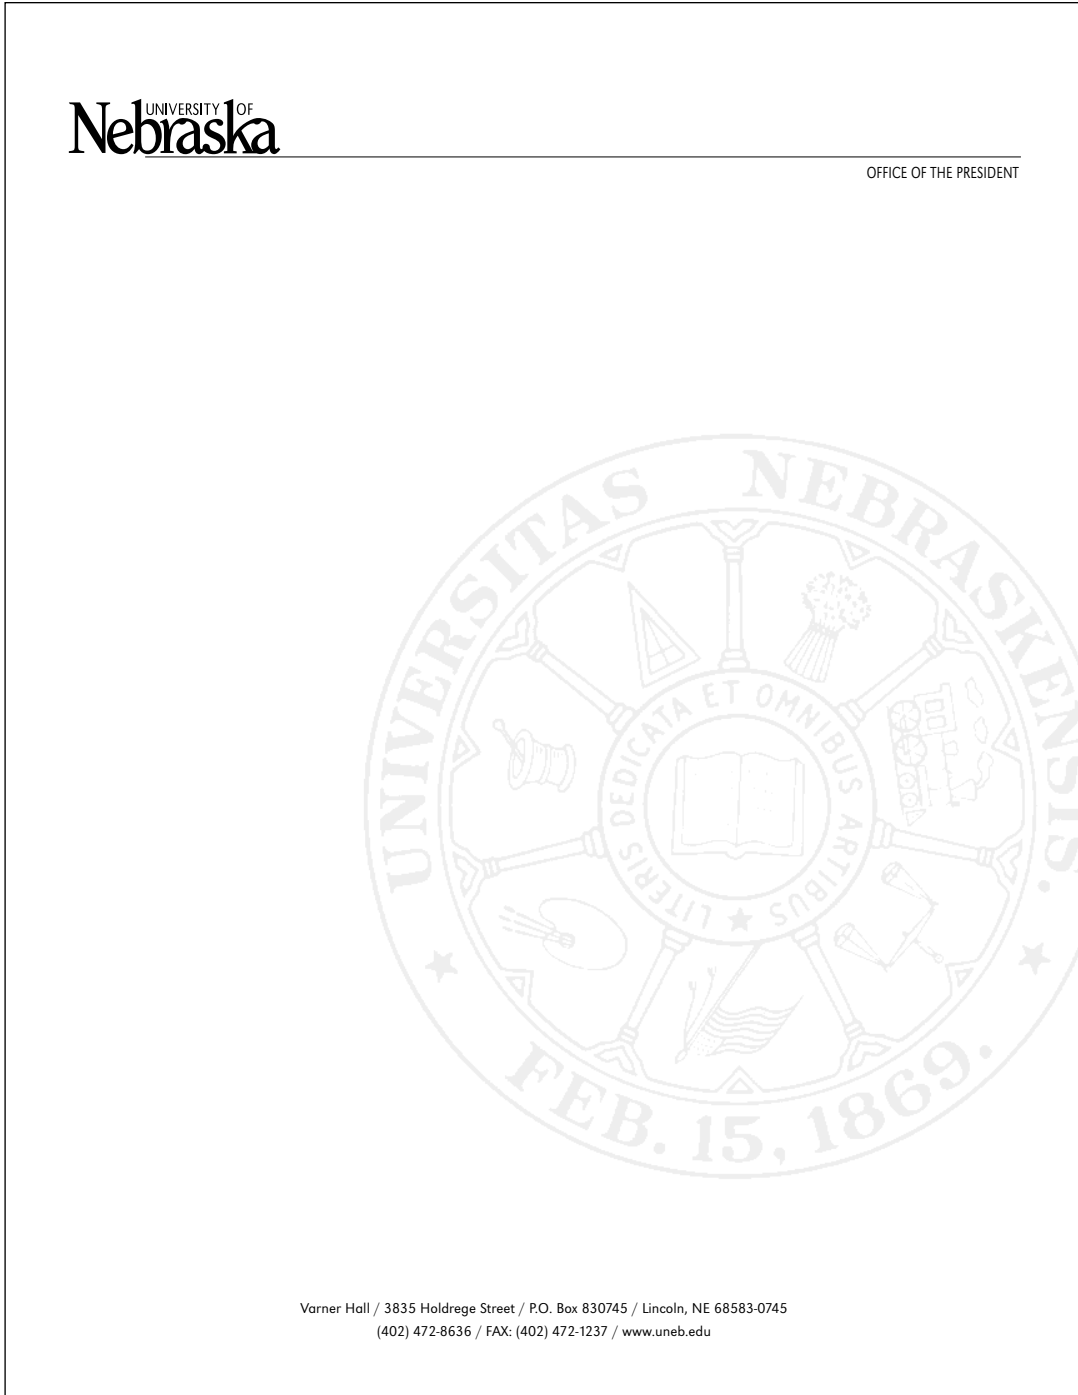

materials, but it should be used in conjunction with the official University logo. The seal can be used as the watermark on letterhead, but not as a secondary logo. The following are some acceptable uses of the seal. Both examples show the seal with a 2% or 3% screen of black. On letterhead, a watermark may be used instead of the screen.

No. 10 business envelope with 2% or 3% screen of black

Note: Sample is not actual size.

Letterhead with 2% or 3% screen of black or as watermark

Note: Sample is not actual size.

Incorporating campus icons

Each campus will be allowed to have one non-athletic icon approved by the President. Campuses are not required to have an icon. The icon can be used as the only identifier on such things as merchandise, podiums,

banners, and flags. It may also be used on letterhead and notepads with a 2% or 3% screen of black. It should be used in addition to the official University logo on publications and other communications materials.

Icons can range from basic letterforms to architectural landmarks.

Letterhead with 2% or 3% screen of black or as watermark

The following is an example of how an invitation and envelope may be treated.

Recommended page sizes

- A2 – 4 1/4" x 11" short fold cards
5 1/2" x 8 1/2" long fold cards
- A6 – 4 5/8" x 12 3/8" short fold cards
6 1/4" x 9 1/4" long fold cards
- A7 – 5" x 14" short fold cards
7" x 10" long fold cards

Note: Sample is not actual size of an A6 invitation card.

Incorrect usage of logo on invitations (A7 invitation card - landscape)

Note: Sample is not actual size.

Never apply the logo to a graphic or color which diminishes readability. The college or department information should never overpower the logo when used in conjunction with the logo.

SECTION THREE:
ATHLETIC LOGO USAGE AND AFFIRMATIVE ACTION

Athletic logo usage

Logo and tagline guidelines also pertain to merchandising of athletic clothing, memorabilia, and equipment. Some examples of color, font, and size relationships when placing the logo, and/or tagline, on ball caps, T-shirts, mugs, etc. are found in the University Brand Handbook.

No use of current players' name, image, or likeness is permitted on commercial products in violation of NCAA rules and regulations. No references to alcohol, drugs, or tobacco-related products may be used in conjunction with University marks.

The marks of the University of Nebraska are controlled under a licensing program administered by The Collegiate Licensing Company. Any use of these marks will require written approval from the Collegiate Licensing Company.

For more information on approval of athletic licensing, contact the Director of Athletic Licensing for your respective campus.

Guidelines for using affirmative action/EEO statements

Affirmative action/equal opportunity statements must be included on all publications. If a question exists concerning the statement to be included, contact the campus Affirmative Action/EEO Office. One of the following is acceptable for most publications:

1. The University of Nebraska is an Affirmative Action/Equal Opportunity institution.
2. The University of Nebraska does not discriminate in its academic, employment, or admissions policies and abides by all federal, state, and regional regulations pertaining to same.
3. It is the policy of the University of Nebraska not to discriminate on the basis of sex, age, handicap, race, color, religion, marital status, veteran's status, national or ethnic origin, or sexual orientation in its educational programs, admissions policies, employment policies, financial aid, or other school administered programs. This policy is enforced by

federal law under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, sections 503 and 504 of the Rehabilitation Act of 1973, and the University of Nebraska Board of Regents' policies.

Note: Some official documents and publications may be required to contain a more detailed explanation of Affirmative Action/Equal Opportunity policies and regulations. Please contact the AA/EEO office for information.

When handling the shorter affirmative action statement, it should be placed in a manner that does not overpower the official University of Nebraska logo.
